MEMORANDUM FOR: Chief, FE/China, DDP

SUBJECT: Revised Collection Requirements for Chicom Publications
25X1A9a

REFERENCE: Memorandum to FI/RQM, DDP, Attn: [REDACTED] Subject:
PROCIB Collection Requirement for Chicom Publications,
dated 27 April 1961, from the Chief, Acquisitions Branch,
CIA Library, OCR. CONFIDENTIAL

1. Transmitted herewith is a list of desired Chicom publications, up-dating the requirement cited under reference.

2. The need for Chieh-fan-chun Pao (Liberation Army News) remains a critical USIB-wide target. With the exception of a few scattered issues received from 1960 to date, the Liberation Army News is not available through our sources. In addition, our efforts to acquire issues of Chicom provincial newspapers through all sources, including those of friendly foreign governments, have remained unsuccessful.

3. A number of changes have been made in our requirements for Chicom periodical titles. These changes reflect some limited success in acquiring Chicom journals through various sources, including exchange programs between U.S. academic institutions and the National Library of Peking.

4. Your cooperation in this matter is appreciated.
